About Bearys Education

Bearys Institute of Technology (BIT), established in 2009 under the Bearys Group, is a premier engineering institution affiliated with VTU and approved by AICTE. Located within the eco-friendly Bearys Knowledge Campus near Mangalore University, BIT offers undergraduate, postgraduate, and research programmes supported by modern infrastructure, advanced laboratories, experienced faculty, and a strong research ecosystem. Accredited by NAAC and NBA (ECE & CSE), the institute emphasizes Outcome-Based Education (OBE), innovation, industry collaboration, and sustainability to develop globally competent engineers capable of addressing emerging technological and societal challenges.

Bearys Enviro-Architecture Design School (BEADS) is a progressive School of Architecture affiliated with VTU and approved by the CoA. Situated within the eco-friendly Bearys Knowledge Campus, BEADS offers a five-year Bachelor of Architecture programme that blends design excellence with sustainability, innovation, and experiential learning. With modern infrastructure, industry collaborations, and a strong focus on research, green architecture, and hands-on learning, BEADS nurtures socially responsible architects equipped to create sustainable and resilient built environments.

About the Conference

The **Third Carbon Neutral International Conference – SURF 2026** provides a global platform for researchers, academicians, industry experts, technocrats, policymakers, NGOs, and research organizations to address the urgent challenges of climate change, environmental degradation, & sustainable development. As the world faces unprecedented ecological threats highlighted by recent scientific assessments, including the need to limit global warming to 1.5°C above pre-industrial levels, the conference emphasizes the collective responsibility of academia and industry to develop innovative, practical, & sustainable solutions. Organized by BIT & BEADS, SURF 2026 focuses on the integration of artificial intelligence, smart infrastructure, sustainable construction practices, and resilient built environments. The conference fosters interdisciplinary collaboration, knowledge exchange, and the presentation of original research that advances environmentally responsible technologies, promotes carbon neutrality, & contributes toward creating a more sustainable & resilient future for humanity.

Conference will be Conducted in hybrid mode, the conference provides a platform for knowledge exchange, innovation, and collaboration toward developing resilient and environmentally responsible systems.

Themes and Tracks: Major topics of conference include but not limited to

Track 1: Sustainable Urban Development

- Urban Sustainability and shift to Low Carbon Development
- Sustainable Housing and Urban Neighborhoods
- Sustainable Vernacular Architecture
- Sustainable, Green, and Circular Materials
- Smart & Automated Construction Execution
- Sustainable Water & Waste Management
- Urban Resilience and Climate Adaptation
- Innovative Binders and Matrix Reinforcement

Track 2: Resource Conservation

- Energy Conservation
- Embodied Energy in Building Materials
- Smart Grids
- Integration of Renewable Energy Sources for Urban development
- Eco Design and Eco-Friendly Development
- Green Development and Construction Systems
- Low Energy Architecture
- Low-Cost Building
- Circular Economy and Resource Management

Track 3: Food Security

- Food Security and Resilience
- Food Preservation and Safety
- Agricultural and Food Economics
- Food Security, Poverty and Sustainability
- Starvation and Food Waste Management
- Cold Storage and Logistics Management

Track 4: Advances & Recent Trends in Engineering & Technology

- Civil Engineering
- Computer Engineering and Technology
- Electrical and Electronics Engineering
- Environmental Engineering
- Electronics and Communications Engineering
- Electrical, Electronics and Communications Engineering
- Information Science and Engineering
- Materials Sciences and Engineering
- Mechanical Engineering and Technology
- Renewable Engineering & EV Technology
- Bio Science
- Artificial Intelligence & Data Science
- IOT & Cyber Security

Chief Patron

Mr. Syed Mohamed Beary,
Chairman,
Bearys Academia of learning, India

Patrons

Mr. Siddique Beary,
Trustee, Bearys Group.

Mr. Mazhar Beary,
Trustee, Bearys Group.

Dr. Manjur Basha S.I
Director,BKC, Mangalore

Conference Chair

Dr. Kamalakannan C
Principal, BIT Mangalore, India

Organizing Secretary

Dr. Aziz Musthafa B
Principal, BIES Mangalore, India

Convener

Dr. Abdullah Gubbi
Professor, Dept. of ECE, BIT, Mangalore

Co convener

Ar. Najid SVP
HOD, BEADS Mangalore, India

Conference Awards

The most outstanding and impactful papers presented in the conference will be awarded. It is evaluated by its originality, scientific merit and overall contribution to the field.

Publications

The submitted papers will undergo a rigorous peer review process and may be considered for presentation at the conference. Based on the quality of the papers, Selected / accepted papers will be recommended and forwarded to SCOPUS indexed journals for **publication with additional charges**.

Fee details Category	Indian Delegates	Foreign Delegates	
Industry persons	₹5000	\$100	
Faculty/Research Scholars	₹2000	\$75	
UG/PG students	₹1500	\$50	
Poster Presentation offline only	₹1500	\$50	
Attendees / Other authors	₹1000	\$25	

Important Dates

Submission of Full length Paper Deadline	05, Oct, 2026
Intimation of accepted paper	15, Oct, 2026
Submission of Poster through email	12, Oct, 2026
Acceptance Notification	09, Nov, 2026
Camera Ready Paper Submission Deadline and Payment	23, Nov, 2026

For more information please visit conference website: <https://icsurf.bitmangalore.edu.in>

1. Paper Submission link: <https://cmt3.research.microsoft.com/surf2026>
2. Poster can be submitted to : icsurf@bitmangalore.edu.in
3. For Registration : <https://icsurf.bitmangalore.edu.in>
